

Nino Gerber

Data Science Engineer

Personal Information

Address Av. Mont d'Or 52Bis
1007 Lausanne
Mobile 078 966 99 71
Email nino.gerber@gmail.ch
Date of birth 05. July 1995, Bienne
Nationality Switzerland
Driver's License A, B

Languages

German Native
French Bilingual
English Fluent (C1)
Italian Basic knowledge (A2)

Skills

Programming Languages
Python, C, C++, Scala, Kotlin, Java, VHDL

Machine Learning & Data Science
Deep Learning (PyTorch, TensorFlow)
NLP (Hugging Face, RAG, Quantization)
Model Development and Fine-tuning
Data Collection & Analysis

Embedded Systems & Hardware
Microcontroller Programming
Embedded Software Development
Design of Embedded Systems (Altium Designer)

Project Management & Communication
Project Planning, Leadership, Team Coordination
Effective Communication

Additional Skills
Finance, Business Administration, Planning, Cursor

Hobbies
Surf, Snowboard, Fitness, Running, Guitar

Reference
On request

Volunteering
Treasurer | Academic Surf Club
Mar. 2024 – Apr. 2026

Professional Experience
AI Engineer
Apr. 2026 – Present | Helvo
Data pipelines in AWS (Postgres, SQS etc)
End-to-End AI systems
Fine-tuning, Prompt Engineering, Performance Monitoring

Embedded Machine Learning Intern (Master Thesis)
Sep. 2025 – Apr 2026 | Logitech
End-to-end pipeline for gesture detection in Mice
Deep Learning optimization

Machine Learning Intern
Jun. 2026 – Aug 2026 | Northward
Developing and deploying a synthetization pipeline
Developing a POC for face detection using (yolo, facenet)

First Lieutenant
Jan. 2022 – Present | Swiss Armed Forces

Teaching
Aug. 2024 – Jul. 2025 | Gymnase de Chamblandes
Designing and teaching a computer science course

Business Administration | Team Lead
Oct. 2017 – Jul. 2019 | Cool AG, Bienne
Responsible for route planning and after-sales support.

Projects
Alpointment
Aug. 2024 – Jan 2025 | Changemakers Program, EPFL
Develop an industry-ready voicebot to handle phone calls
Winner of the Keep Testing Award at EPFL
Winner of the LauzHack Hackathon at EPFL

Audio Hate-Speech Detection
Feb. 2024 – Jul. 2024 | Deep Learning, EPFL
Fine-tuning AST and Wave2Vec models
Leveraged text-to-speech and speech-to-text technologies

LLM Fine-Tuning for Scientific Question Answering
Feb. 2024 – Jul. 2024 | MNLP, EPFL
Fine-tuning and Direct Preference Optimization (DPO)
Retrieval Augmented Generation (RAG)
Quantized a GPT-2 model on EPFL's Izar GPU cluster

Digital Slot Car Controller (Bachelors Thesis)
Feb. 2022 – Jul. 2022 | HE-Arc
DC motor controller with magnetic sensor for control
Dual-PCB for BLE communication
Included display, rechargeable battery, and adjustable settings

Education
Master's in Data Science
Oct. 2023 – Jul. 2025 | EPFL, Lausanne

HES / FH Gateway in Communication Systems
Oct. 2022 – Jun. 2023 | EPFL, Lausanne

Bachelors in Industrial Computer Science
Oct. 2019 – Jun. 2022 | Haute École Arc, Neuchâtel

Lieutenant (Leadership Certificate)
Jul. 2016 – Aug. 2017 | Tank Grenadier, Platoon 13/3

Professional Maturity in Economics
Aug. 2015 – Jul. 2016 | Bildung Formation (BFB), Bienne

Apprenticeship in Business Administration
Aug. 2012 – Jul. 2015 | Wirtschaftsmittelschule, Bienne
